SELECTMEN'S REPORT

During the past year T. R. A. money was spent on Morrison Road, which is now completed from Hale Road to the property line of Mrs. Helen Pierce on Hale Road. Duncan Funds were expended on Wadleigh Road and Osgood Road, both of which were in need of repair, particularly Wadleigh Road. Some rebuilding was also done on Rufus Colby Road at the top of Shute Hill.

Again we remind all students who wish to apply for a scholarship that applications may be acquired from the school principal and must be filed at the office on or before May 1st, 1972.

No major repairs on Town buildings this past year and none anticipated for 1972. The room, formerly the Selectmen's room, at the Town Hall, has been painted and remodeled and is now the office of the Chief of Police. All the old fashioned settees in the Town Hall have been repaired by Elwood Bennett.

The Selectmen would like to inform any elderly people who wish to apply for a \$5,000.00 exemption, that application forms are available at the Town Office. We would also state that in order to qualify, a single person's income must be less than \$4,000.00. A couple less than \$5,000.00 or total assets—real estate, bank accounts, stocks, bonds, etc., does not exceed \$25,000.00.

On the revenue side of the budget report the first item is interest and dividend tax. Since Sanbornton is served by four postal districts it is important that your Sanbornton address be listed, as well as your postal address, at the bank. The State collects the tax then returns it to the towns. But if the address is listed other than Sanbornton, then that Town receives the money.

The Selectmen and members of the Planning Board have checked the laws relating to Solid Waste Disposal and have attended many meetings relating to this subject and an article is in this year's Town Warrant. Another Act by the State Legislature was the passage of a bill requiring all Towns in New Hampshire to compile a Tax Map, with records by the year 1980. Again an article relating to this subject is included in the Warrant.

Unless a taxpayer files an inventory before April 15th with the Board of Assessors, legally, he or she has no recourse regarding, his or her assessment for tax purposes. The Selectmen urge all property owners to complete the form, sign it and return it to the Town Office.

With the gift of three hundred dollars from the Bicentennial Committee, an addressograph machine was purchased for the Town Office. The Bicentennial Committee is still collecting and processing all material relative to the Bicentennial Year. When this has been completed it will be sealed in a container, placed in the vault, to be opened in 2070 . . . See you then.

On the front page of this report appears the map of the Town of Sanbornton as it was when the Town was first incorporated. This map was also used on one side of the Bicentennial Commemorative Medals. This same map has now been incorporated into a Town Seal. Sanbornton did have a Town Seal but it disappeared many years ago.

The Highway Department's need for sand keeps increasing all the time and it would seem to be wise for the Town to acquire land where a continuous supply of sand would be available in the years ahead.

Looks like a busy year ahead and the Selectmen hope to have the help of the citizens as they have had in the past.

POLICE DEPARTMENT

The end of operations for the first year of an organized Police Department in the town has terminated a busy and successful year. The department has established a file and report system, has its own office in the Town Hall, initiated a telephone communications system which for the first time has afforded the citizens of the town communications which would allow them to make one phone call at any hour of the day and obtain response. The department was one of the first to transfer its radio communications onto the new high band radio system which gives it statewide communications. This was made possible by a grant of \$1,053.00 from LEAA.

A survey of the town's future needs in the law enforcement area has been conducted and will be published in the near future. The funding and operation of the department will be geared towards the hopeful completion of these needs.

The following is a breakdown of police activities performed during this year.

As Chief of Police of the Town of Sanbornton I wish to state that it has been my pleasure to serve you. I also wish to thank those of you who have given me their support. I wish to thank the members of the surrounding Law Enforcement Agencies for the assistance they have given me from time to time. I especially wish to thank Sheriff Rodney S. Crockett of Belknap County and the members of his department for the particular efforts and much appreciated assistance during the past year. I know that without their aid this department would not have function as well as it did.

Respectfully,

LOUIS R. NIELSEN

Chief of Police

Members of the Sanbornton Police Department

SANBORNTON FIRE DEPARTMENT

After nearly three years of study and research the Lakes Region Dispatch Center has become a reality and is in full operation.

One of the benefits of this operation is a reduction of fire insurance premiums of about \$4,000 to the townspeople. Other benefits are quicker and better reporting of calls, and better dispatching of equipment.

We presently have 29 receivers in firemen's homes and more will be added as money becomes available to purchase them. The State Board of Education provides training courses for firemen, and some 660 man-hours were spent by our firemen in this valuable training.

Nine men attended the Lily Pond Fire School.

The department responded to 17 fires in town and 12 mutual aid calls.

We wish to acknowledge the gift of a smoke ejector from the Ladies Auxiliary as well as their untiring efforts in behalf of the Fire Department.

The Firemen's Memorial Fund has now reached \$1,200. More gifts will be gratefully received.

Land has been donated and some money raised for a Sub-Station in the Chapel area.

The Department acknowledges the valuable assistance of the Lakes Region Mutual Fire Aid Association.

Respectfully submitted,

GEORGE S. CURRIER

Fire Chief

WOMEN'S AUXILIARY OF THE SANBORNTON FIRE DEPARTMENT

The second year of the Auxiliary started by honoring the Sanbornton Firemen with a supper and social in April, 1971. The officers were re-elected as follows: Ruth Gray, President; Gertrude Beadle, Vice President; Joyce Craig, Secretary; Aileen Cole, Treasurer.

There were many money raising projects during the year and we were able to help purchase some much needed equipment for the Fire Department. In August a snack bar was set up during the auction and in October we sponsored a Harvest Supper with all proceeds going toward the building fund.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Lest We Forget — It Can Happen Here

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand—a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them **dead out** when leaving.
4. **Most Important** — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year—1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971 season:

STATE	463 fires	160 acres
DISTRICT	106 fires	61½ acres
TOWN	4 fires	1 acre
DISTRICT CHIEF	FOREST FIRE WARDEN

ANNUAL REPORT

SANBORNTON PLANNING BOARD

The Planning Board was very active during the year 1971, with many hearings and many hours of meetings devoted to amendments for extensive re-zoning of the town. Finally, on the Annual Town Meeting day, the residents voted for the extension of the Forest Conservation area from Hopkinson Hill northward over Eastman and Steele Hills; the division of the former General Residence and Agricultural areas into two new zones, one with 3-acre minimum lots, and the other with $1\frac{1}{2}$ acre minimum lots; increase in the size of the minimum lots in the Recreational districts from 15,000 feet to $1\frac{1}{2}$ acres; increase in the minimum lot size in the Historical Preservation zone to $1\frac{1}{2}$ acres; and the elimination of the recreational area around Hunkins Pond.

Of great help to the Planning Board and the townspeople in understanding these changes was the drawing of the town made by Mr. John Bobula. Copies of this drawing are on display for the citizens in the Town Clerk's office.

The Planning Board has approved the plans for one small Mobile Home Park, as it must under the present regulations. This event has generated substantial interest, and thus there will be more amendments for the voters to act upon at the 1972 Town Meeting. These will be designed to prevent establishment of additional Mobile Home Parks within the town, and to restrict the use of individual Mobile Homes to the General Agricultural and Forest Conservation zones where 3-acre and 6-acre minimum lot sizes are required. There will be an entirely new regulation for signs, and specifications relative to the use of Travel Trailers and other recreational vehicles. The size of the Historical Preservation area will be increased.

For the Planning Board, 1/30/72

Alexander F. Livingstone, Chairman
